CONGRESSMAN GIBSON – PRO-CHOICE FOR TAXPAYERS

VOTES FOR PENCE AMENDMENT TO DEFUND MEGA ABORTION GIANT

The New York State Right to Life Committee is grateful to Congressman Gibson for standing up for the American Taxpayer against the intimidation and bullying of Planned Parenthood, the nation's largest promoter and supplier of abortion and the recipient of **\$363 million in government funding**. Despite its not-for-profit status, Planned Parenthood produced over \$63 million in *profits* in 2008.

Clearly, Planned Parenthood is anti-choice for taxpayers. With a philosophy that stands in stark contrast to that of normal Americans, Planned Parenthood still wants to force people to pay for their severe agenda against children, women, taxpayers and common sense.

Planned Parenthood advocates for radical policies out of step with Americans' views. Planned Parenthood consistently **opposes common sense provisions** such as:

- Informed consent
- Parental involvement protections
- Basic collection of abortion statistics
- Bans on the late-term partial-birth abortion procedure
- Protecting taxpayer choice

Planned Parenthood employees at facilities across the nation have been caught on tape 17 times in 10 different states covering up statutory rape, sexual abuse of minors and aiding and abetting child sex trafficking.

Planned Parenthood performed **332, 278 abortions** in 2009.

Planned Parenthood performed 340 abortions for every one adoption referral.

Taxpayers should not be forced to subsidize Planned Parenthood's mega abortion business and radical abortion-promoting politics.

Thank you Congressman Chris Gibson for voting to protect taxpayers from funding Planned Parenthood: Abortion, Incorporated.
